

QUALITY POLICY

Czajkowski Maszyny Sp. z o.o. specializes in the design, manufacturing, sales, and servicing of machines based on modern strip-till cultivation technology.

The strategic goal of Czajkowski Maszyny Sp. z o.o. is to meet customers' expectations and requirements through continuous improvement of the products and services offered. The company strives to ensure the highest quality of its machines, reliable performance, and professional technical support, thereby building long-term relationships with users of its products.

The company's goals are:

- Building a positive image of Czajkowski Maszyny Sp. z o.o.;
- Raising customer service standards;
- Constant growth in sales of the offered products while maintaining high quality standards and competitive prices;
- Continuous investment in the company's development, including modern production technologies, improving staff qualifications and expanding the machinery park;
- Product development, including machine safety testing, cooperation with proven component suppliers and the use of high-quality materials.

Chairman of the Board of Czajkowski Maszyny Sp. z o.o. declares his full commitment to maintaining and improving the Quality Management System and ensures the availability of the necessary resources to achieve the above goals.
